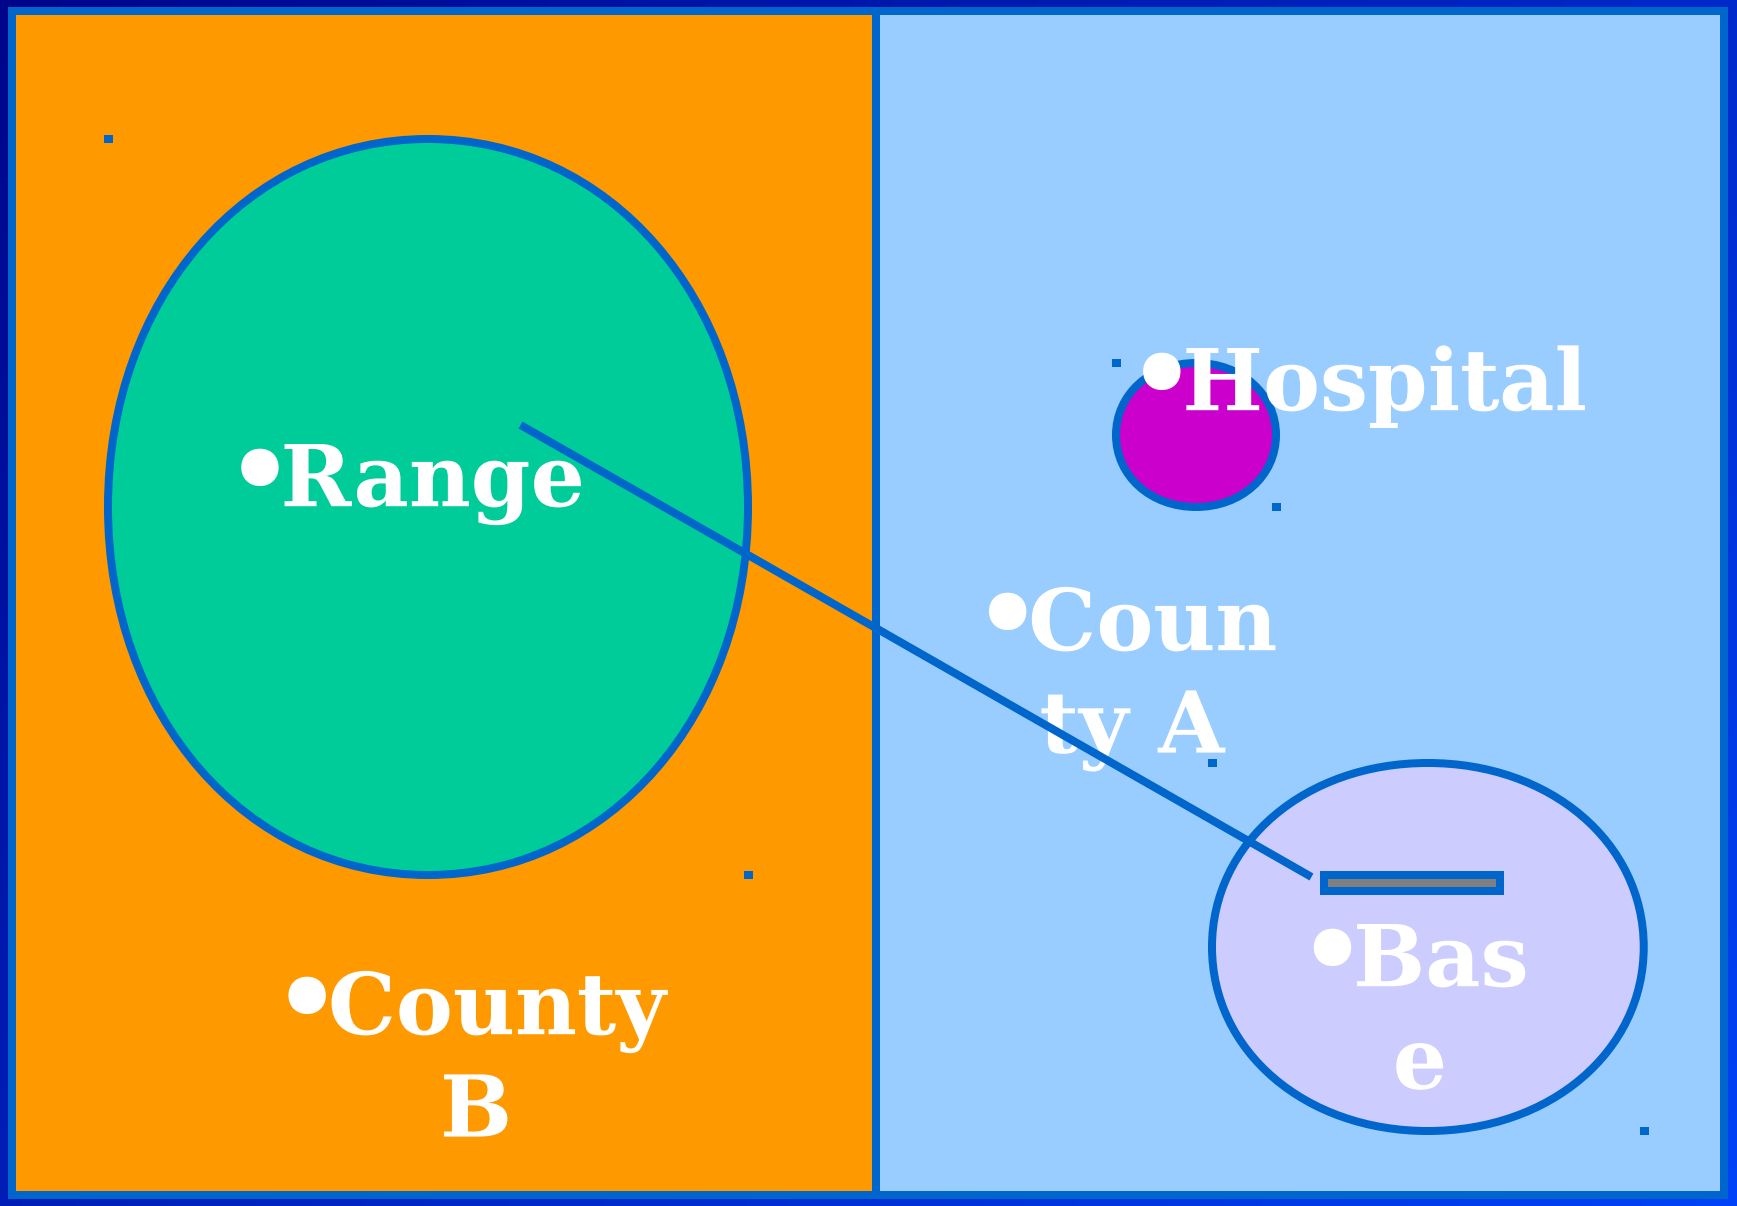
Notification

Survivors

- Always first priority
- Fatalities should never hamper care and rescue of survivors

Jurisdiction

- Establish as a first concern
  - No interference with HR until authorized by the person holding jurisdiction
- Consider location of death and location of pronouncement
- Know local laws
  - Check with legal if unsure



•Range
•Hospital
•County A
•Base
•County B

ME Interface

- If local jurisdiction
  - ME/coroner must give permission before HR is removed, moved, or in any way tampered with according to local laws
- If federal jurisdiction or concurrent with OAFME acting
  - Service regulations require that OAFME be notified immediately

Records

- **Sequester Medical/Dental record**
- **Sequester all x-rays (medical and dental)**
- **Gather Names, SSN’s, and DOB’s**
- **Gather AD status, nationalities on all deceased**

Liason

- Contact appropriate liason if international case
  - Determine preferences for autopsy and handling of remains
- Contact mortuary affairs officer
